There are four houses in total, each accommodating up to five people. All houses have two bedrooms with double beds; two houses have a double bed, and the other two have two single beds (90 cm). An extra bed can be requested. Each house has its own full bathroom with a built-in whirlpool tub and a fully equipped kitchen (microwave, refrigerator, etc.). The high-quality finishes include double-glazed windows and decorative details in the interior, such as wrought iron lamps and headboards. Each house has air conditioning for the summer and a wood-burning stove for the winter. This resort has also considered the environment and has installed a water treatment...(Ask for More Details!)
