A real bargain! Available this month at a reduced price, as we're still waiting for the legalization of this specific area. Everything is in progress, but for now, a mortgage is not possible. Once everything is legalized, the price will increase significantly, as the value of this newly built house is much higher. A fantastic investment, currently rented for â,~1800 per month. 480 square meter plot 120 square meter house 4 double bedrooms 1 large dressing room 3 bathrooms 1 8x4 meter outdoor dining area 1 8x4 meter swimming pool 3 large storage rooms
