531m²

875m²

This villa in Moraira is designed for those who want space, comfort, and modern living with panoramic views of the Mediterranean landscape. With a total built area of 531 square metres set on an 875 square metre plot, the property offers a scale rarely found so close to the town and coastline. The layout combines open-plan interiors, multiple lounges, seven bedrooms, and an independent apartment, making it versatile for family life, entertaining, and hosting guests. Every part of the home has been planned to maximise natural light, outdoor access, and year-round usability. Entry is through a pedestrian gate or a double garage. A hallway leads directly into the main...(Ask for More Details!)
