786m²

1,530m²

Project - This project has a building license for immediate construction. Located in the prestigious Raco de Galeno residential area in Benissa Costa, this elegant two-storey villa offers beautiful sea views and a perfect blend of modern architecture and Mediterranean charm. The property stands out for its clean lines, large panoramic windows, and natural stone walls that integrate harmoniously with the surrounding landscape. The house features bright and spacious interiors, an open-plan living area, and seamless connection to generous terraces and an infinity pool. There is also the possibility to expand the property with a basement level, offering great potential for customization. Sqm plot: 1. 530 sqpm Total...(Ask for More Details!)
