Project - Newly built detached villa located in La Fustera, within a well-established residential area surrounded by nature, enjoying open views and sea views, and just a short distance from the coast and all essential amenities. Although it shares its location with the Serenity Villas development, Serenity Villas 007 is a completely independent project with its own identity and architectural approach. It has been conceived as a single, exclusive residence, offering a higher level of privacy, spaciousness and individuality. The villa combines contemporary architecture with Mediterranean influences, featuring clean volumes, natural materials and a careful integration into its surroundings. The interior spaces have been designed to maximise comfort...(Ask for More Details!)
