Project - In the exclusive Residencial Jazmines, in Cumbre del Sol, a contemporary masterpiece that redefines the concept of beachfront living. Its modern, elegant architecture, perfectly integrated into the plot, makes the most of every square metre to offer a visual spectacle: the Mediterranean as a permanent horizon. Spread over three floors, this villa has been designed for those who value light, space and connection with their surroundings. From the entrance on the top floor, a spacious hall sets the tone for the experience: a setting where the blue of the sea takes centre stage. On this same floor there are two suites with private bathrooms and direct access...(Ask for More Details!)
