This place is in a really nice, quiet neighborhood with plenty of greenery and a great big community pool. Inside, the apartment is bright and clean with white walls and tiled floors throughout. It's got two bedrooms (both with built-in closets), a fully tiled bathroom, and a sunny living area that opens right into the kitchen and out onto a glassed-in terrace. There's also a handy utility room off the kitchen and a separate storage space. It'd make a perfect getaway spot—super peaceful, close to everything you need, and only 15 minutes from the airport!
