Awaken the history in the cultural epicenter of J  vea Pueblo. This is not just a property; it is a gateway to elite Mediterranean living. Directly adjacent to the hustle and bustle of the Central Market and the majesty of the Church of San Bartolom  , this Village House from 1806 offers an unmatched space and a privileged historical location. With an astonishing built area of 600 m² (spread over 3 floors and consisting of two houses on a single deed), this property defines unlimited potential. Imagine transforming its vast interiors into a Luxury Boutique Hotel, leveraging the space to create up to 10 Suites with private bathrooms (ensuite), or designing an...(Ask for More Details!)
