The property is located on a plot of almost 20,000 m2 feet that forms a fully gated private residence with separate pedestrian and vehicular access leading to 6 buildings of 3 floors and excellent design. It also has private pedestrian access to the beach, using fingerprint access control. Beautiful gardens with a contemporary style, yet Mediterranean feel surround the apartment complex. Most of these gardens extend like a large green lawn between the residence and the sea, where there...(Ask for More Details!)
